ANNUAL TOWN MEETING.

The legal voters of the Town of Strafford are hereby notified and warned to meet at the Town House on Tuesday, March 4, A. D., 1930, at 10 o'clock a. m., to transact the following business, namely:

Article 1. To elect a Moderator.

Article 2. To elect a Town Clerk.

Article 3. To hear and act upon the report of the Auditors.

Article 4. To vote upon the question "Shall the Selectmen be empowered to appoint one or two Road Commissioners, or shall one or two Road Commissioners be elected by ballot?"

Article 5. To choose all other necessary Town Officers.

Article 6. To see what shall be done in regard to raising money to encourage a doctor to locate in town.

Article 7. To see how much money the Town will raise to support the poor, defray ordinary expenses and bridge and highway expenses, under the direction of the Selectmen.

Article 8. To see how much money the Town will raise for the support of schools.

Article 9. To see how much money the Town will raise for the maintenance of highways.

Article 10. To see what sum of money the Town will raise for permanent highways to take advantage of the State Aid law as per Section 4591 of the General Laws of Vermont and amendment.

Article 11. To see if the Town will vote to raise money to pay the State and county taxes.

Article 12. To see if the Town will accept the provisions of the General Laws relating to the collecting of taxes by its Treasurer, together with the time of payment of the same.

Article 13. To see what action the Town will take in regard to the standardization of schools.

Article 14. To see if the Town will authorize the Selectmen to light the streets of both villages and the Town House by electricity provided the electric power line is extended as expected.

Article 15. To transact any other legal business.

HOMER H. KENDALL,
FRANK BROWN,
GEORGE K. BROWN,
Selectmen of Strafford.

Strafford, Vt., February 18, 1930.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the Board of School Directors and
Citizens of Strafford:

As required by law, I herewith submit the annual report of the Superintendent of Schools for the school year ending June 30, 1929.

During the year which this report covers, seven schools have been maintained for a period of 34 weeks each. Eighty-three pupils have been enrolled, thirty-nine boys and forty-four girls. Nineteen children were between six and eight years of age; sixty-three were between eight and sixteen. The school attendance was 91.7% of what it would have been had there been no absences.

Certificates for the satisfactory completion of the elementary school course which entitle the holders to free advanced instruction were issued to the following persons: William Simcox, Donalda Southwick, Elizabeth Perkins, Dorothy Druge, Margaret Bullard, Donald Doyle, Quentin Ward, Harold Robinson, Helen Titus William Doyle and Raymond Kendall.

Tuitions for high school attendance were paid by the town for the following: Jessie Cook, Elizabeth Josler, Gerald Nowlan, Helen Prescott and Isabel Sargent.

The distribution of expense for the support of the schools with the State aid deducted from the items for which it is given follows: Total amount expended less State aid was $6,124.46, of which $4,258.00 was for teachers' salaries, $181.59 for superintendent's salary and expenses, $75.00 for School Directors' services, $72.32 for supplies and appliances, $26.85 for regular text books, $224.86 for fuel, $263.59 for janitors' services, $615.20 for transportation and board, $90.00 for tuitions to other towns for elementary instruction, $95.33 for tuitions to high schools or academies, $22.47 for insurance, $5.00 for truant officer's services, $174.92 for repairs, $19.33 for miscellaneous items.

Many people will be interested to know that had the expenditure of $174.92 for repairs above enumerated been made on a single building in accordance with a State approved program for standardization of schools,

it would have purchased $462.38 worth of improvement. The ordinary way in which this is brought about is for someone to apply before February 1st in any year to the State Board of Education for Community Fund Aid in the amount of $100 for improvement on a school building. Then the community in the immediate vicinity of the school matches the amount of the State fund by entertainments, box parties, socials, and by labor, money or materials, donated by interested persons. The State will further pay $300 on the basis of one dollar for every two dollars spent by the town. Finally, if the improvement is sufficiently noteworthy, the school may win one of the three Proctor prizes for its county of from $35 to $100. It is now possible for any town in the State to buy $1,200 worth of improvement in one year for a school with $600 of its own money.

The trustees of the Barrett Fund are individually interested in a school building improvement program in Strafford and have collectively pledged definite and substantial support to such a program. I venture to guess therefore that in Strafford $1,200 worth of improvement might be procured for any school in a single year for $300 of the town's money.

By the time this report is read, the State Board of Education will have received an application for Community Fund Aid for the school year 1930-1931 for improvements relating to heating, lighting, ventilation, and toilet facilities of the Upper Strafford school, and the continued interest and support of the trustees of the Barrett Fund will have been sought. I recommend that the Board of School Directors solicit an expression of opinion from the taxpayers at their next town meeting regarding such school improvement program.

I furthermore make the plea to the citizens of Strafford on behalf of the school children, since so much can be done to increase their physical comfort and mental happiness, and improve their surroundings to the lasting benefit of their moral characters, with so little inconvenience to anybody, that this opinion be favorable to such a program.

Respectfully submitted,

A. COURTNEY PARKER,
Superintendent of Schools.
